

## Module Internationalisation of the internal research funding of GSU

### Funding of international activities as part of the projects of the internal research funding

#### Aim of the module

The GSU aims to support researchers in building and expanding international cooperations. To this end, international activities are promoted that are realized as part of the projects of the internal research funding, thereby contributing to quality assurance.

#### Financial modalities

Applications of **up to 3,000 €** will be considered. The money can be used for:

- travel and accommodation costs for visiting international partners,
- international travels for presentations,
- invitation of international visiting researchers,
- laboratory and archive stays with international partners.

Congress travel costs are not promoted.

#### Application process

**This module can only be submitted together with calls no. 2, 3, and 4.** This must be noted in the corresponding application, and the added value the internationalisation activity has for the submitted project must be explained.

For project application, the subchapter in the application form of the respective call must be used.

Proposals can be written in German or English.

**Please note: If the formal requirements of the application form (page numbers, missing signatures, missing documents, budget overruns etc.) are not met, the application will not be accepted.**
