

## **Prof Patrick Duffy (1959 – 2014)**

It is with great sadness that we announce the passing of our great friend and colleague Pat Duffy who passed away on Sunday morning after a long illness. Pat was an inspiration in the coaching world internationally, and an incredible man to anyone who was lucky enough to know him.

Pat was the Vice-President for Strategy and Development for the International Council for Coaching Excellence (ICCE) and the Chair to the working group in developing the International Sport Coaching Framework. He was appointed as Professor of Sport Coaching in December 2009 at Leeds Metropolitan University, UK where he was charged with a leadership role in the development and implementation of the Sport Coaching Strategy for the University.

He will be sadly missed, and our thoughts are with his family at this difficult time.
